Ransom River Meg Gardiner, 2012-07-05 JUDGE, JURY—AND EXECUTION. You can't go home again—and survive—in this mesmerizing crime novel by Meg Gardiner, "a top-tier mystery writer at the top of her game" (BookPage). Rory Mackenzie vowed to never return to her hometown of Ransom River, California. But she comes back and does her civic duty. Now she's juror number seven on a high-profile murder case. While most of the town is focused on the tense and shocking circumstances of the trial, Rory's return to Ransom River dredges up troubling memories from her childhood that she can no longer ignore. And in the wake of a desperate attack on the courthouse, Rory realizes exposing these dark skeletons has connected her to an old case that was never solved, and that bringing the truth to light just might destroy her.

Curved Memories John Predovan, 2006 In the late night and early morning hours of July 14th and 15th of 2001, over one hundred people throughout the New York and New Jersey area witnessed a tremendous object moving slowly at a very low altitude. The triangular or diamond-shaped object, as described by several eyewitnesses, bore fifteen to as many as thirty glowing orange balls of light forming somewhat of a V pattern. The object made no sounds of any kind as it hovered in silence over neighboring towns. Some called the event amazing while others called it peaceful and beautiful. It wasn't a group of planes flying in formation or even the aurora borealis. What was it, then? No one seems to have the answer, but someone out there might. It was just another ordinary Saturday night when John was driving home from the shore. Little did he know that it would be a night that he wouldn't soon forget. Within the first year of the incident, John was periodically being tormented by eerie images and visions. For months and months he lost countless hours of sleep from these disturbing dreams. Some of them would last only for a few moments while others would last for several days. John kept silent, telling no one about these accounts as he jotted them down on paper whenever they occurred. Over the course of a couple of years, John has been trying to piece together one of the greatest mysteries that continues to elude him. As the pages were coming together, he realized that stories started slowly unfolding before his eyes. These mind-boggling events would overwhelm his soul daily the more he wrote and read about them. John relentlessly pursues the issue with the result of either taking one step forward closer to the answer or two steps backwards farther away from the truth. This is the first of the chronicles of mystery, death, trust, intrigue, and deceit. John continues to write about the images and visions as long as they appear to him in hopes of one day solving the mystery of the lights over New Jersey.

Events in the Life of an Ordinary Man Richard R. Pariseau, 2014-12-09 Dick Pariseau reveals the excitement, adventures, and predicaments one can get into if one is afraid to miss anything, welcomes every opportunity, seeks excitement, and listens to one's poker buddies when they suggest new or unfamiliar areas to explore. He earned a PhD at night school because he thought decision makers would more readily accept his analysis if it was authored by a doctor. Denied the opportunity to play basketball--his most accomplished sport--in college, he chose to play lacrosse and became a First Team All-American. Seeking an advantage over the competition at singles dances, he took dance lessons and ended up as a dance host and instructor aboard a cruise ship. Uncomfortable with the casual disrobing of the co-ed models at the university painting class, his poker buddies recommended that he get over it by spending time at a nudist camp. As an adventuresome traveler, he has sailed the Nile River and flown in a hot air balloon over the Valley of the Kings, gone hut-to-hut hiking in the Swiss Alps, and learned to throw a boomerang with the aboriginals in Cairns, Australia. Be entertained by the adventures and humorous predicaments of this ordinary man, and use it as a catalyst to document the adventures in your life.

If that wasn't enough, Josh Windsor also has a big-time grudge against Deana herself. But if there's anything being rich, smart, and stubborn has taught Deana, it's never to settle for second best. . . Josh has had it with saving people. He's had it with getting hauled into court. And boy, has he ever had it with Deana. Or well, he hasn't had it. Yet. But the more she pops up sounding infuriating and looking good enough to eat, the more her hot bod and her cold case wriggle into his mind. And there's only so much even a hero can resist. . .
