A Pair of Shorts Ann Strong, 2018-06-28 An attention-grabbing novel of two short stories. The first, which takes the reader to multiple locations throughout Europe, is Millie and Bella's account of growing up and all that they experience. The reader is drawn into the dark realms of modern-day slavery, and the handy work of a mysterious, but ruthless, stranger. He is someone who ultimately decides on his own targets and no one is outside his reach. The second, no less attention-grabbing, has the reader guessing until the very end.
