Down to Earth Lauren Liess,2019-10-08 The designer and author of *Habitat* "shares how she imbues any space with warmth and energy" in this elevated yet accessible follow-up (MarthaStewart.com). *Down to Earth* picks up right where Lauren Liess's critically acclaimed *Habitat* left off. While *Habitat* walked readers through the decorating process step-by-step, Liess's latest title takes a step beyond the basics and invites readers to incorporate the main components of her familiar design aesthetic: nature, easy living, and approachability. With evocative photos and substantive design advice, *Down to Earth* focuses on creating a lifestyle that inspires creativity and functionality. Throughout the book, Liess shows readers how to incorporate six guiding principles in six unique homes: a new farmhouse, a classic American historical home, a lakeside contemporary house, a modern villa, a turn-of-the-century American Foursquare, and a cedar and glass house on a bluff. While each home has a different architectural style, fingerprints of Liess's down-to-earth style are evident throughout. "Full of the stunning images you would expect. They will spark your creativity and inspire your own designs. However, the real beauty comes from Lauren showing readers how to create ease in their own homes." —Ariadne Shoppe "Her style embraces lived-in, vintage-inspired interiors . . . Her philosophy is that if your home is relaxed, then you're relaxed." —One Kings Lane

A house is a feeling. That is the conceit behind designer Lauren Liess's third book, which explores the emotional connection between the way we decorate our homes and our daily lives. She advises readers to think beyond just the objects in their homes and explore how design informs an intentional, happy, and authentic life. The book includes practical design information, with never-before-seen case studies on a variety of homes including a beach cottage, a farmhouse, a home in the woods, a Spanish colonial, and other more traditional homes. Each case study explores a hardworking design aspect (such as proportion, scale, and color), while also focusing on the emotional aspect of the home. The chapters are inspired by the following themes: comfort, calm, excitement, belonging, carefree, love, and contentment.
