Witi Ihimaera

The Shearer's Colt Andrew Barton 'Banjo' Paterson, 2021-11-09 The Shearer's Colt is a horseracing novel. It tells the tale of upper-class Londoner Hilton Fitzroy who is attempting to establish himself in Queensland, a frontier state. He gets hired as Red Fred's seckitary, a shearer who struck it rich in the gold mines and now needs help spending his millions. Hilton Fitzroy is described as someone with a violent temper and his stubborn refusal to bear himself lowly and reverently towards anybody, all marked him out as a throw-back to some (possibly royal) ancestor who had helped himself to everything in sight in the dim and distant past. Will Fitzroy squander the shearer's money on gambling or invest it?

The Country Gentleman, 1916

Bulibasha Witi Ihimaera, 1998-08-03 Caught in the middle of the clash between two great Maori clans, Simeon, grandson of Bulibasha and Ramona, struggles with his own feelings and loyalties as the battles rage . . . This award-winning novel is being reissued to tie in with the release of Mahana, the stunning film adaptation of the novel. Also available as an eBook

Pat Boone Richard D. Kibbey, 2011-11-29 While much of Pat Boone's fame was garnered through his musical career and his many chart-topping hits, he is also identified by his film career, though it is not nearly as well documented. In his captivating biography, Pat Boone, the Hollywood Years Richard Kibbey sets out to explore the film history of Pat Boone and illustrate his transition from crooner to rising star. Though some might write off his film career as fleeting, it's obvious that Pat Boone's star quality was explosive. Though he began appearing on television in the 50s, which could have hurt his movie career, 20th Century Fox made an ingenious choice to take him on as a leading man for not only romantic musicals but also science fiction and powerful dramas. With interviews from fellow costars, in-depth film analyses, documentation of his family life, and a behind-the-scenes look at the planning, scriptwriting, scoring, and songwriting of his popular films, this thorough history of Pat Boone's film career is sure to delight not only Pat Boone fans but also anyone interested in the golden era of Hollywood, movies, and musicals.

Trio Richard Knott,2015-08-03 The Trio tells the story of three war correspondents, two Englishmen and an Australian, all in their 30s, whose friendship was forged during the Second World War. They became so close that their colleagues dubbed them 'The Trio', sometimes out of disgruntled rivalry. Alan Moorehead, Alexander Clifford and Christopher Buckley worked for the Express, Mail and Telegraph respectively. Clifford and Moorehead lived together more closely than most married couples, and all three correspondents spent the war years travelling relentlessly, chasing news and writing stories, while being reliant on each other's friendship and mutual trust. They slept under the desert stars, in sumptuous Italian villas, in trains and army trucks. They were frequently in the line of fire, while their names became synonymous with the best war reporting. The Trio describes their relationship, what happened to each of them in the war and finally, when the fighting was over, how success gave way to personal tragedy.

The Shearers Ruth Entwistle Low,2019-08-06 The Shearers is a colourful account of the men and women, past and present, who have committed their lives to shearing in New Zealand. Their voices - in their own words, often brutally honest reflections on what it is to be a shearer - are at the heart of this book: their training, their tools, their camaraderie, and the gruelling, itinerant nature of the job. Old hands like Brian 'Snow' Quinn, Tony Dobbs and Peter Casserly, and Peter and Elsie Lyon, as well as those newer to the scene, offer personal insights, often for the first time. The Shearers invites readers to the world of the New Zealand shearer - 'the only job where you take a sweat towel to work'.

Pre-Gargantua Neil Charles,Denis Hughes,2018-05-31 Man is established on Kliron XIV, a dark, bleak, barren little globe used solely as a base for spatial patrol ships. Life on Kliron is no bed of roses, but it is only when faced by perils that seem at

first too incredible to believe that the best - and worst - is revealed in men. Here in Kliron XIV just such a peril materialises. For the first time in their lives men find themselves confronted by an enemy against which no weapon can prevail. Worse even than the Master Entity, the Gargantua are its slaves, evil Flowers of Darkness that bloom where no life can exist . . .

Alan Shearer: Portrait Of A Legend - Captain Fantastic Euan Reddie,2007-05-31 Alan Shearer was born in 1970 in Gosforth, Newcastle. A football-mad youngster, he captained his school side and wowed spectators with his already amazing skills. Determined to make it in the world of football, he decided to leave school at the age of 15 and headed to Southampton where he had been picked up by a professional scout. Shearer quickly became a sought after talent as he moved on to Blackburn Rovers, turning down a lucrative deal at Manchester United in the process, and in a record breaking transfer deal he finally made it back to his beloved North East when he signed for Newcastle United. He is a star player with dedicated leadership skills. As captain of the Toon Army, he inspired his team and proudly leads them out onto the pitch with determination to win. Early in 2006, he equalled the club record of 200 goals set by Newcastle great Jackie Milburn. A footballing legend and hero to the fanatical and faithful Magpies fans, Shearer is one of the most important names in modern football. This book charts his rise to first team fame and his happy homecoming to the proud North East.

The Whispering Roots Cecil Day Lewis,1909

Mateship and Moneymaking Rory O'Malley,2013 Mateship and Money Making Summary of Book A ferocious war' erupted in remote outback Australia in 1983. Shearers were on strike. Scab' shearers had to be protected against invading mobs of unionists. In scattered and isolated woolsheds sheds the question was: should sheep-shearers be allowed to use wide combs'? Australian merinos had always been shorn with narrow combs'. Until a recent ruling industrial award expressly forbade wide combs. Initiated by the graziers (way back in 1926) the rule had become shearers' folklore. Wide combs were not just wrong but positively evil. This was the 1980s, but the roots of the problem went back to the 1890s. Shearers got paid per hundred sheep, not by the hour or the day, so the opportunity to get a bigger tally with the wide comb was something to be welcomed - one would think. Indeed, that was certainly the case. But fanatical opposing opinion could not easily be overcome. It was un-Australian' to even think about it. But equally, it was un-Australian' NOT to be allowed a free choice to use whatever equipment did the job best. Diametrically opposed points of view were quite irreconcilable. The oldest and most powerful trade union in the nation's history stood behind the strike. The Australian Workers Union, known wide and far by its acronym the AWU', had risen in the 1890s. Ruthlessly efficient at grass roots organiser, God help any shearer trying to occupy a stand without an AWU ticket. And God help any greedy upstart questioning AWU wisdom on industrial matters. The shearing workforce had always been a rambunctious, contrary lot. The work was punishingly strenuous as well as highly skilled. Infectious group camaraderie governed its cult of mateship'. This was also prone to impenetrable insider-outsider' idiosyncrasies. There was money to be made for those who could stand the pace, but strong tribal loyalties to the union

dictated customs and rules in the woolshed. Many different types gravitated into shearing. At one end were staunch unionists preaching mateship' and class solidarity. At the other end self-improving moneymakers accumulated funds get started as farmers. For the most part the two groups got on', or at least tolerated one another. Hard core class warriors enjoyed the competitive camaraderie and were not themselves against making money. Moneymakers were not averse to a bit of class solidarity if it bolstered shearing rates of pay. They were less tolerant of rules which slowed them down. In its foundation years the AWU had been pugnacious and militant. Violent strikes in the 1890s did not go well for it. Too many members were farmers who scabbed' during strikes. The arrival of contract shearing further diluted the link between mateship' and union solidarity. In 1902 moneymaking professional shearers were so exasperated by AWU belligerence towards woolgrowers, they formed a rival Machine Shearers Union', more friendly to the graziers. AWU leaders had to use all their guile and cunning to outwit the upstart MSU. The AWU moderated its militancy, adopted a policy of opposing strikes, and put its faith in the newly established Arbitration Court to fix wages and settle disputes. Unfortunately for the AWU, factions within its rank-and-file remained attracted to the mythology of class war against the graziers. During World War I, the Arbitration Court was very laggard in updating the shearing award and militants had their chance. In defiance of the AWU a very successful strike was organised in Queensland. This opened the door for a militant faction with communist connections in the interwar period. The AWU's firm policy of arbitration not direct action' was ridiculed. The AWU denigrated them as bogus disrupters' and excoriated their point of view, but at the same time adopted militant-sounding rhetoric. The union could not afford to be accused of being on the side of the bos

11th US/North American Mine Ventilation Symposium 2006 Jan M. Mutmanský, Raja. V. Ramani, 2006-05-18 This volume is the eleventh in a series which documents the technical papers of the mine ventilation symposium, which was initiated in 1982 by the Underground Ventilation Committee of the Society for Mining, Metallurgy, and Exploration, Inc. In more recent years, the event has expanded to include all of North America and is known as the US/North American Mine Ventilation Symposium. The US/North American Mine Ventilation Symposium 2006 designated 'Coal Mine Methane Capture and Utilization' and 'Diesel Issues for Underground and Surface Mines' as topics of special interest. Numerous papers discussed these two topics, and there were presentations on mine dusts, mine fires, ventilation in large-opening mines, and numerous other ventilation topics. The symposium was supplemented by short courses on state-of-the-art in diesel emissions technology, computer analysis of ventilation circuits, personal dust monitoring, and methane capture technology. In addition, field trips to mines, research facilities, and methane gathering sites were offered to participants of the symposium. The book is of special interest to practitioners, educators, and researchers in the field of ventilation of mines, tunnels, and other underground facilities. Includes a CD-ROM of the proceedings.

The Gaffer Navdeep Rehill, 2014-04-17 Navdeep Rehill felt it was about time that football managers were given the

credit they deserve. The Gaffer looks at how Sir Alf Ramsey tactically outwitted opposing managers in the 1966 World Cup, how Sir Alex Ferguson knocked Liverpool of their perch and how Brian Clough turned Nottingham Forest into the best team in Europe.

If You're Proud To Be A Leeds Fan Tom Palmer, 2013-03-01 When the Gelderd End sings 'If you're proud to be a Leeds fan clap your hands' you clap your hands . . . but should you? Leeds United Football Club have one of the worst reputations in the country. For years the fans and players - fairly or unfairly - have been associated with thuggery. In *If You're Proud to be a Leeds Fan* Tom Palmer tries to work out just why he claps and why, when he has to miss a home game for work, he feels so bad. Set in the 2001-02 Premiership season, the author follows Leeds United at stadiums home and away, in bars watching satellite, listening to Radio Leeds and Radio Five Live and watching the pages of Ceefax. He focuses as much on the fans as on the action on the pitch and tries to establish whether Leeds fans and players are really so bad. The book examines the highs and lows of the club's recent history and their impact on the supporters - from the Paris riot in 1975 to relegation in 1982 and the glory of the 1992 League win. Palmer discusses the Bowyer-Woodgate trial, the board's plans to take Leeds United away from Elland Road, the controversial replacement of manager David O'Leary with Terry Venables, and the club's persistent hooliganism problems, especially the fans' unceasing hatred of Manchester United. *If You're Proud to be a Leeds Fan* tries to explain why, in the face of so many reasons why you shouldn't, you still find yourself clapping. The book includes Leeds poet Tony Harrison's poem 'v.'.
