Freedom of the Press 2006 Freedom House (U.S.),2006 Freedom House's annual press freedom survey has tracked trends in media freedom worldwide since 1980. Covering 194 countries and territories, Freedom of the Press 2006 provides comparative rankings and examines the legal environment for the media, political pressures that influence reporting, and economic factors that affect access to information. The survey is the most authoritative assessment of media freedom around the world. Its findings are widely utilized by policymakers, scholars, press freedom advocates, journalists, and international institutions.

Culture and Customs of Kenya Neal W. Sobania,2003-06-30 Kenya, a land of safaris, wild animals, and Maasai warriors, perfectly represents Africa for many Westerners. This peerless single-source book presents the contemporary reality of life in Kenya, an important East-African nation that has served as a crossroads for peoples and cultures from Africa, the Middle East, and East Asia for centuries. As such, it is a land rich in cultural and ethnic diversity, where unique and dynamic traditions blend with modern influences. Students and general readers will be engrossed in narrative overviews highlighting Kenyan history, as well as the beliefs, vibrant cultural expressions, and various lifestyles and roles of the Kenyan population. A chronology, glossary, and numerous photos enhance the narrative. Kenya today struggles with nation building. Its society comprises the haves and the have-nots and faces the challenges of the trend toward urbanization, with its attendant disruption of traditional social structures. For Kenyans, the preserving of traditional cultures is as important as making the statement that Kenya is a modern nation. Chapters on the land, people, and history; religion and worldview; literature, film, and media; art and architecture; cuisine and traditional dress; gender roles, marriage, and family; and social customs and lifestyle are up to date and written by a country expert. A chronology, glossary, and numerous photos enhance the narrative.

CHEEGHA - The Call from Waziristan, the Last Outpost Ghulam Qadir Khan Daur,Khan Daur Khan Daur,2014-11-01 A true story of happiness and Romance, of curse and betrayal, from the remotest corner of the world, Waziristan. Waziristan remains a mystery and a puzzle for most of the world. Reports of violence and terrorism are frequently associated with its name. For people living here, life has become a hell of uncertainty. A drone strike could kill them or their family members one day, a suicide bomber the next or action by the Pakistan army the day after. Is this all there is to Waziristan? Ghulam Qadir Khan, sets out to show us the true face of Waziristan. He takes us to the heart of this society. We meet his family and

those living in his village Darpa Khel in North Waziristan Agency. We become familiar with individuals. We meet and fall in love with members of his family. We are also introduced to the essential features of tribal society. Unlike the previous authors, Ghulam Qadir is the only one from the area itself... The author is ideally placed to write on Waziristan. He is that rare tribesman from this area who is writing about his own people. Because Ghulam Qadir combines scholarship and experience in the field as an administrator, he is a trustworthy guide. Educated at some of the finest institutions of Pakistan - Lawrence College, Murree, and Edwards College, Peshawar - Ghulam Qadir joined the civil service of Pakistan in 1984. He has worked in the field as Deputy Commissioner and Political Agent in the Tribal Areas. In more senior postings, he has been in charge of the Tribal Areas in the planning department, and has also held the post of Secretary of Law and Order for the Tribal Areas. Professor Akbar Ahmed, Ibn Khaldun Chair of Islamic Studies, American University, Washington D.C. The Author Ghulam Qadir Khan Daur belongs to North Waziristan Agency, Tribal Areas of Pakistan. He did his masters in Economics and attended ISS, The Hague, Netherlands and IDPM, Manchester University, England to specialize in rural development. He joined the Civil Service of Pakistan in 1984 and served as Deputy Commissioner and Political Agent in the tribal areas. In senior positions, he was Secretary Law and Order and Secretary Finance for tribal areas. Since the rise of militancy, he represented tribal areas in Dubai process, Wilton Park conferences in England and almost all briefings /presentations made to local and foreign delegations and has written articles on the tribal areas for reputed newspapers. He is the founding Chairperson of www.thetribaltimes.com, a web magazine on tribal areas and the Chairperson of the Society for the Protection of Rights of Tribes (SPORT) which is advocating and raising awareness against discrimination against tribal people. He has dedicated himself to improve the lot of tribesmen. Ghulam Qadir Khan combines scholarship and experience making him a trustworthy guide. He is ideally placed to write about Waziristan, his own people.

Migrating Texts Marilyn Booth, 2019-05-03 Explores translation in the context of the multi-lingual, multi-ethnic late-Ottoman Mediterranean world. Fénelon, Offenbach and the Iliad in Arabic, Robinson Crusoe in Turkish, the Bible in Greek-alphabet Turkish, excoriated French novels circulating through the Ottoman Empire in Greek, Arabic and Turkish: literary translation at the eastern end of the Mediterranean offered worldly vistas and new, hybrid genres to emerging literate audiences in the nineteenth and early-twentieth centuries. Whether to propagate 'national' language reform, circulate the Bible, help audiences understand European opera, argue for girls' education, institute pan-Islamic conversations, introduce political concepts, share the Persian Gulistan with Anglophone readers in Bengal, or provide racy fiction to schooled adolescents in Cairo and Istanbul, translation was an essential tool. But as these essays show, translators were inventors, and their efforts might yield surprising results.

My Feudal Lord Tehmina Durrani, William Hoffer, Marilyn Mona Hoffer, 1995 Born into one of Pakistan's most influential families, Tehmina Durrani was raised in the privileged milieu of Lahore high society. She was expected to marry a wealthy

Muslim, bear him children and lead a sheltered life of leisure. This is the story of Tehmina's rebellion from an unhappy marriage.

World Report 2005 Human Rights Watch,2005 The introduction to this annual publication reflects on recent events and recent changes in the world. The body of the annual report considers the human rights record of some 150 governments throughout the world.

The Struggle for Pakistan Ayesha Jalal,2014-09-16 In a probing biography of her native land, Ayesha Jalal provides a unique insider's assessment of how the nuclear-armed Muslim nation of Pakistan evolved into a country besieged by military domination and militant religious extremism, and explains why its dilemmas weigh so heavily on prospects for peace in the region.

The Other Side of the Mountain: Mujahideen Tactics in the Soviet-Afghan War Ali Ahmad Jalali,2022-05-29 The Other Side of the Mountain: Mujahadeen Tactics in the Soviet-Afghan War is a 1998 non-fiction book written by former Afghan Army Colonel Ali Ahmad Jalali and American military scholar Lester W. Grau. The book was commissioned by the United States Marine Corps Studies and Analysis Division to complement Grau's previous book, The Bear Went Over the Mountain. Jalali and Grau had planned travel into Afghanistan to interview Mujahideen fighters in late 1996, but were forced to remain in Pakistan when a Taliban offensive campaign started to seize major portions of Afghanistan, eventually capturing Kabul on September 27. Jalali interviewed approximately 40 Mujahideen during the month which the authors spent in Pakistan and an associate, Major Nasrullah Safi, conducted interviews inside Afghanistan for two months to collect additional data.

Delhi Khushwant Singh,1990 Travelling through time, space and history to 'discover' his beloved city, the narrator of this novel meets a myriad of people - poets and princes, saints and sultans, temptresses and traitors, emperors and eunuchs - who have shaped and endowed Delhi with its very mystique.

Empire of Enchantment John Zubrzycki,2018-10 India's association with magicians goes back thousands of years. Conjurors and illusionists dazzled the courts of Hindu maharajas and Mughal emperors. As British dominion spread over the subcontinent, such wonder-workers became synonymous with India. Western magicians appropriated Indian attire, tricks and stage names; switching their turbans for top hats, Indian jugglers fought back and earned their grudging respect. This book tells the extraordinary story of how Indian magic descended from the realm of the gods to become part of daily ritual and popular entertainment across the globe. Recounting tales of levitating Brahmins, resurrections, prophesying monkeys and the most famous trick never performed, Empire of Enchantment vividly charts Indian magic's epic journey from street to the stage. This heavily illustrated book tells the extraordinary, untold story of how Indian magic descended from the realm of the gods to become part of daily ritual and popular entertainment across the globe. Drawing on ancient religious texts, early travelers' accounts, colonial records, modern visual sources, and magicians' own testimony, Empire of Enchantment is a

vibrant narrative of India's magical traditions, from Vedic times to the present day.

Freedom of the Press 2004 Freedom House (U.S.), 2004 Freedom of the press 2003 : a global survey of media independence / Edited by Karin Deutsch Karlekar with essays by Brian Katulis, Jeremy Druker and Dean Cox, and Ronald Koven.

Sufism and the 'Modern' in Islam Martin Van Bruinessen, Julia Day Howell, 2013-03-19 Sufism has not only survived into the twenty-first century but has experienced a significant resurgence throughout the Muslim world. Sufism and the 'Modern' in Islam offers refreshing new perspectives on this phenomenon, demonstrating surprising connections between Sufism and Muslim reformist currents, and the vital presence of Sufi ideas and practices in all spheres of life. Contrary to earlier theories of the modernization of Muslim societies, Sufi influence on the political, economic and intellectual life of contemporary Muslim societies has been considerable. Although less noticed than the resurgence of radical Islam, Sufi orders and related movements involve considerably larger numbers of followers, even among the modern urban middle classes. This innovative study brings together new comparative and interdisciplinary research to show how Sufis have responded to modernization and globalization and how various currents of Islamic reform and Sufism have interacted. Offering fascinating new insights into the pervasive Sufi influence on modern Islamic religiosity and contemporary political and economic life, this book raises important questions about Islam in the age of urbanism and mass communications.

Revival and Reform in Islam Fazlur Rahman, 2021-01-21 This authoritative book argues that what is considered today to be Islamic fundamentalism is inconsistent with the true meaning of this faith. Rahman demonstrates that the true roots of Islamic teachings advocate adaptability, creativity, and innovation.

The Colonel Who Would Not Repent Salil Tripathi, 2016-04-26 Bangladesh was once East Pakistan, the Muslim nation carved out of the Indian Subcontinent when it gained independence from Britain in 1947. As religion alone could not keep East Pakistan and West Pakistan together, Bengali-speaking East Pakistan fought for and achieved liberation in 1971. Coups and assassinations followed, and two decades later it completed its long, tumultuous transition to parliamentary government. Its history is complex and tragic—one of war, natural disaster, starvation, corruption, and political instability. First published in India by the Aleph Book Company, Salil Tripathi's lyrical, beautifully wrought tale of the difficult birth and conflict-ridden politics of this haunted land has received international critical acclaim, and his reporting has been honored with a Mumbai Press Club Red Ink Award for Excellence in Journalism. *The Colonel Who Would Not Repent* is an insightful study of a nation struggling to survive and define itself.

Four Kingdom Motifs before and beyond the Book of Daniel, 2020-11-23 The four kingdoms motif enabled writers of various cultures, times, and places, to periodize history as the staged succession of empires barrelling towards an utopian age. The motif provided order to lived experiences under empire (the present), in view of ancestral traditions and cultural

heritage (the past), and inspired outlooks assuring hope, deliverance, and restoration (the future). Four Kingdom Motifs before and beyond the Book of Daniel includes thirteen essays that explore the reach and redeployment of the motif in classical and ancient Near Eastern writings, Jewish and Christian scriptures, texts among the Dead Sea Scrolls, Apocrypha and pseudepigrapha, depictions in European architecture and cartography, as well as patristic, rabbinic, Islamic, and African writings from antiquity through the Mediaeval eras.

Journey into America Akbar Ahmed, 2010-06-01 Nearly seven million Muslims live in the United States today, and their relations with non-Muslims are strained. Many Americans associate Islam with figures such as Osama bin Laden, and they worry about “homegrown terrorists.” To shed light on this increasingly important religious group and counter mutual distrust, renowned scholar Akbar Ahmed conducted the most comprehensive study to date of the American Muslim community. *Journey into America* explores and documents how Muslims are fitting into U.S. society, placing their experience within the larger context of American identity. This eye-opening book also offers a fresh and insightful perspective on American history and society. Following up on his critically acclaimed *Journey into Islam: The Crisis of Globalization* (Brookings, 2007), Ahmed and his team of young researchers traveled for a year through more than seventy-five cities across the United States—from New York City to Salt Lake City; from Las Vegas to Miami; from the large Muslim enclave in Dearborn, Michigan, to small, predominantly white towns like Arab, Alabama. They visited homes, schools, and over one hundred mosques to discover what Muslims are thinking and how they are living every day in America. In this unprecedented exploration of American Muslim communities, Ahmed asked challenging questions: Can we expect an increase in homegrown terrorism? How do American Muslims of Arab descent differ from those of other origins (for example, Somalia or South Asia)? Why are so many white women converting to Islam? How can a Muslim become accepted fully as an “American,” and what does that mean? He also delves into the potentially sticky area of relations with other religions. For example, is there truly a deep divide between Muslims and Jews in America? And how well do Muslims get along with other religious groups, such as Mormons in Utah? *Journey into America* is equal parts anthropological research, listening tour, and travelogue. Whereas Ahmed’s previous book took the reader into homes, schools, and mosques in the Muslim world, his new quest takes us into the heart of America and its Muslim communities. It is absolutely essential reading for anyone trying to make sense of America today.

Tarbiatul Ushaq Mohammad Zauqi, 2004

Rethinking Political Islam Shadi Hamid, William McCants, 2017-07-17 For years, scholars hypothesized about what Islamists might do if they ever came to power. Now, they have answers: confusing ones. In the Levant, ISIS established a government by brute force, implementing an extreme interpretation of Islamic law. On the opposite end of the spectrum, Tunisia’s Ennahda Party governed in coalition with two secular parties, ratified a liberal constitution, and voluntarily stepped

down from power. In Egypt, the Muslim Brotherhood, the world's oldest Islamist movement, won power through free elections only to be ousted by a military coup. The strikingly disparate results of Islamist movements have challenged conventional wisdom on political Islam, forcing experts and Islamists to rethink some of their most basic assumptions. In *Rethinking Political Islam*, two of the leading scholars on Islamism, Shadi Hamid and William McCants, have gathered a group of leading specialists in the field to explain how an array of Islamist movements across the Middle East and Asia have responded. Unlike ISIS and other jihadist groups that garner the most media attention, these movements have largely opted for gradual change. Their choices, however, have been reshaped by the revolutionary politics of the region. The groups depicted in the volume capture the contradictions, successes, and failures of Islamism, providing a fascinating window into a rapidly changing Middle East. It is the first book to systematically assess the evolution of mainstream Islamist groups since the Arab uprisings and the rise of ISIS, covering 12 country cases. In each instance, contributors address key questions, including: gradual versus revolutionary approaches to change; the use of tactical or situational violence; attitudes toward the nation-state; and how ideology, religion, and political variables interact. For the first time in book form, readers will also hear directly from Islamist activists and leaders themselves, as they offer their own perspectives on the future of their movements. Islamists will have the opportunity to challenge the assumptions and arguments of some of the leading scholars of Islamism, in the spirit of constructive dialogue. *Rethinking Political Islam* includes three of the most important country cases outside the Middle East-Indonesia, Malaysia, and Pakistan-allowing readers to consider a greater diversity of Islamist experiences. The book's contributors have immersed themselves in the world of political Islam and conducted original research in the field, resulting in rich accounts of what animates Islamist behavior.

Dangerous Minds: Eight Riveting Profiles of Homegrown Terrorists S Hussain Zaidi, Brijesh Singh, 2018-02-01

Dangerous Minds will delve into the complex and intricate lives of some of the most talked-about terrorists of the country. Dr. Jalees Ansari, a doctor from Malegaon involved in eighty blasts, including some on railway tracks, was supposed to be a quiet, peace-loving medical professional. Fahmida Ansari, a housewife and mother of two from the Jogeshwari slums of north-west Mumbai, physically planted the bombs herself in a bus and taxis and returned home as if nothing had happened. What drove them to such violent designs? What were their compulsions? Can a human being be so ruthless and heartless, and why? The book will explore the lives, early beginnings, careers and sudden transformations of such persons into merchants of death.
