Godless Country Alaric Hunt, 2015-08-25 Clayton Guthrie is a private fixer for the aristocracy of New York City. His latest job is to protect a Manhattan heiress from a dangerous stalker. He hires retired bodyguard Abraham Swabe to protect her while he runs a trap operation assisted by his young operative, Rachel Vasquez, who juggles her new responsibilities while suffering from the shaky aftereffects of a shootout. Guthrie and Vasquez pursue the stalker across the city, from watching a quiet townhouse on the Upper East Side, to staking out New York University around Tompkins Square, and even crawling through the grimy industrial guts of Brooklyn. Searching for the stalker's hideout, they learn the identity of one of his previous victims. She was murdered, but the killer is still at large. Dark, riveting and hardboiled, Hunt's sequel to *Cuts Through Bone* is a thrilling mystery, sure to cement his reputation as one of crime fiction's most promising new authors.

Blythewood Carol Goodman, 2013-10-08 "Carol Goodman's Blythewood is reminiscent of both Harry Potter and *The Diviners*, but in a way that doesn't distract from the entertaining story within.* After narrowly escaping death in the Triangle Shirtwaist Factory Fire, seventeen-year-old Avaline Hall is sent to Blythewood Academy, the elite girls' boarding school in New York's Hudson Valley that her mother attended years before. Ava hopes to solve the mystery of her mother's death and its connection to the students who keep disappearing from Blythewood. But the school is not all that it appears . . . and neither is the handsome young man who saved Ava from the fire. What's the meaning of the extraordinary powers Ava possesses? Who's good and who's evil? And who has the right to make that distinction? *review of Blythewood by Forever Young Adult

Ninth House Leigh Bardugo, 2019-10-08 The best fantasy novel I've read in years, because it's about real people... Impossible to put down. —Stephen King The smash New York Times bestseller from Leigh Bardugo, a mesmerizing tale of power, privilege, and dark magic set among the Ivy League elite. Goodreads Choice Award Winner Locus Finalist Galaxy "Alex" Stern is the most unlikely member of Yale's freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. In

fact, by age twenty, she is the sole survivor of a horrific, unsolved multiple homicide. Some might say she's thrown her life away. But at her hospital bed, Alex is offered a second chance: to attend one of the world's most prestigious universities on a full ride. What's the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale's secret societies. Their eight windowless "tombs" are the well-known haunts of the rich and powerful, from high-ranking politicians to Wall Street's biggest players. But their occult activities are more sinister and more extraordinary than any paranoid imagination might conceive. They tamper with forbidden magic. They raise the dead. And, sometimes, they prey on the living. Don't miss the highly-anticipated sequel, *Hell Bent*.

The Scribe of Siena Melodie Winawer, 2017-05-16 Equal parts ... love story and ... historical conspiracy--think *The Girl with a Pearl Earring* meets *Outlander*--debut author Melodie Winawer takes readers deep into medieval Italy, where the past and present blur and a twenty-first century woman will discover a plot to destroy Siena--

Cadillac Desert Marc Reisner, 1993-06-01 "I've been thinking a lot about Cadillac Desert in the past few weeks, as the rain fell and fell and kept falling over California, much of which, despite the pouring heavens, seems likely to remain in the grip of a severe drought. Reisner anticipated this moment. He worried that the West's success with irrigation could be a mirage — that it took water for granted and didn't appreciate the precariousness of our capacity to control it." – Farhad Manjoo, *The New York Times*, January 20, 2023 The definitive work on the West's water crisis. --Newsweek The story of the American West is the story of a relentless quest for a precious resource: water. It is a tale of rivers diverted and dammed, of political corruption and intrigue, of billion-dollar battles over water rights, of ecological and economic disaster. In his landmark book, *Cadillac Desert*, Marc Reisner writes of the earliest settlers, lured by the promise of paradise, and of the ruthless tactics employed by Los Angeles politicians and business interests to ensure the city's growth. He documents the bitter rivalry between two government giants, the Bureau of Reclamation and the U.S. Army Corps of Engineers, in the competition to transform the West. Based on more than a decade of research, *Cadillac Desert* is a stunning expose and a dramatic, intriguing history of the creation of an Eden--an Eden that may only be a mirage. This edition includes a new postscript by Lawrie Mott, a former staff scientist at the Natural Resources Defense Council, that updates Western water issues over the last two decades, including the long-term impact of climate change and how the region can prepare for the future.

Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by

contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

Last Call Elon Green, 2022-06-07 In this work of nonfiction, Elon Green reports on a series of baffling and brutal crimes. The victims of the serial murderer dubbed the 'Last Call Killer' were all gay men, and Green tries to shine a light onto their complicated lives and the queer community in New York City in the 1980s and 1990s as well. Peter Stickney Anderson was the first of the known victims-- Adapted from the publisher's description.

Ravencliffe Carol Goodman, 2014 Seventeen-year-old Ava Hall continues to learn more about herself and her heritage through her work in a New York City settlement house as well as through her social obligations with the Blythewood girls.

Venus Juice Luke Simon, 2021-06-15 Luke Simon has written a queer romance for the now age! Any spiritual seeker who has ever questioned the nature of love, healing and success in the age of IG will relate to this book. It's hilarious, deep, and real. - Sah D'Simone, author of Spiritually Sassy With his memoir, VENUS JUICE, author and mystic Luke Simon takes readers on a neo-nostalgic trip into the LA wellness scene of the late 2010s, a land of luxury juice, natural healing, and digital hookups. Looking for Love, Creativity, and filled with questions about how to make it as an Instagram healer, on the surface, the City of Angels seems to hold the keys to all that he seeks-but is everything what it seems? Known among wellness circles as a co-founder of the popular Maha Rose Center for the Healing Arts in Brooklyn, Simon's story takes in themes of friendship, celebrity, queer romance, and the social media hustle that has come to color our experiences of love and creativity in the new millennium. From \$29 tonics, to a trip to New Age church, to a series of unforgettable dates that only end in self-doubt, Venus Juice is part love letter, part break-up Post-it with a scene too easily spooked by its own shadow. Known for his humorous IG memes and Sedaris-esque worldview, the book is part incisive portrait and part loving parody of a city-and a culture- where a glossy facade often conceals darker hidden truths. Populated with a colorful cast of coaches, artists, hunks, healers, influencers, nighttime flowers, and health food connoisseurs, at the center of it all, we find one soul learning the meaning of self-love in our increasingly divided and digitized world.
