The Contested Murder of Latasha Harlins Brenda Stevenson, 2013-06-24 Helicopters patrolled low over the city, filming blocks of burning cars and buildings, mobs breaking into storefronts, and the vicious beating of truck driver Reginald Denny. For a week in April 1992, Los Angeles transformed into a cityscape of rage, purportedly due to the exoneration of four policemen who had beaten Rodney King. It should be no surprise that such intense anger erupted from something deeper than a single incident. In *The Contested Murder of Latasha Harlins*, Brenda Stevenson tells the dramatic story of an earlier

trial, a turning point on the road to the 1992 riot. On March 16, 1991, fifteen-year-old Latasha Harlins, an African American who lived locally, entered the Empire Liquor Market at 9172 South Figueroa Street in South Central Los Angeles. Behind the counter was a Korean woman named Soon Ja Du. Latasha walked to the refrigerator cases in the back, took a bottle of orange juice, put it in her backpack, and approached the cash register with two dollar bills in her hand-the price of the juice. Moments later she was face-down on the floor with a bullet hole in the back of her head, shot dead by Du. Joyce Karlin, a Jewish Superior Court judge appointed by Republican Governor Pete Wilson, presided over the resulting manslaughter trial. A jury convicted Du, but Karlin sentenced her only to probation, community service, and a \$500 fine. The author meticulously reconstructs these events and their aftermath, showing how they set the stage for the explosion in 1992. An accomplished historian at UCLA, Stevenson explores the lives of each of these three women-Harlins, Du, and Karlin-and their very different worlds in rich detail. Through the three women, she not only reveals the human reality and social repercussions of this triangular collision, she also provides a deep history of immigration, ethnicity, and gender in modern America. Massively researched, deftly written, *The Contested Murder of Latasha Harlins* will reshape our understanding of race, ethnicity, gender, and-above all-justice in modern America.

Workers on Arrival Joe William Trotter,2021-01-19 An eloquent and essential correction to contemporary discussions of the American working class.—The Nation From the ongoing issues of poverty, health, housing, and employment to the recent upsurge of lethal police-community relations, the black working class stands at the center of perceptions of social and racial conflict today. Journalists and public policy analysts often discuss the black poor as “consumers” rather than “producers,” as “takers” rather than “givers,” and as “liabilities” instead of “assets.” In his engrossing history, *Workers on Arrival*, Joe William Trotter, Jr., refutes these perceptions by charting the black working class’s vast contributions to the making of America. Covering the last four hundred years since Africans were first brought to Virginia in 1619, Trotter traces the complicated journey of black workers from the transatlantic slave trade to the demise of the industrial order in the twenty-first century. At the center of this compelling, fast-paced narrative are the actual experiences of these African American men and women. A dynamic and vital history of remarkable contributions despite repeated setbacks, *Workers on Arrival* expands our understanding of America’s economic and industrial growth, its cities, ideas, and institutions, and the real challenges confronting black urban communities today.

Vietnam War Refugees in Guam Nghia M. Vo,2022-03-23 More than 130,000 South Vietnamese fled their homeland at

the end of the Vietnam War. Tens of thousands landed on the island of Guam on their way to the U.S. Many remained there. Guamanians and U.S. military personnel welcomed them. Funded by a \$405 million Congressional appropriation, Operation New Life was among the most intensive humanitarian efforts ever accomplished by the U.S. government, with the help of the people of Guam. Without it, many evacuees would have died somewhere in the Pacific Ocean. This book chronicles a part of the first mass migration of Vietnamese boat people, before and after the fall of Saigon in April 1975--a story still unfolding almost half a century later.
