Woven Metallic Royale a Bujo Sketchbook Fashion Womens Jamie Aldaya Apparel Development

Consulting,2021-08-13 woven metallic royale a BUJO sketchbook is a fashion design tool for budding, beginning and experienced clothing designers, apparel developers, merchandisers, illustrators, patternmakers and seamstresses. Its primary function is to remove the artistic block and mundaneness of creating initial template which provide the framework of the final design. Yes, industry secret: we create croquis or body templates to place the final design before a beautiful illustration can be made. Although necessary, it is daunting as the croquis must be correct proportionally, be inspiring for the designer, and be reusable. It can take days to create the croquis as they are the true map of a garment, from fabric drape to seam placement, to closure type, to fit. Only head of ateliers are allowed to begin a collection with indistinguishable brushstrokes due to cost and time risk. Different from a spec sketch, these yield illustration to communicate the designer's mood, setting, and story of the collection. Hasn't some created templates already? Yes, however, they are just a collection of templates. The designer still has to pull pieces of the storytelling together from different resources and hope the story is clear from beginning to end. We believe this is the first comprehensive design tool of its kind. Designed by award-winning apparel developer with over 35 years of industry experience, Jamie Aldaya combined the organized storytelling intent features of the BUJO (short for bullet journal) with the croquis requirement, creating the bones of a designer's collection. Struggling with his own croquis in fashion school, he understood to have credibility in fashion, you had to sketch. The croquis became the rite of passage, separating creatives from number pushers. Our BUJO sketchbooks start with a large 8.5x11 inch format. Each book covers a full year's collection of 4 seasons total. Each season is equipped with the following: Inspiration Page - This sets the intent for the season. The open dot graph layout has none of the confinement of standard graph paper, allowing creatives to stay creative. Add ideas, concepts and colors, your favorite art exhibit, your favorite tv show, your favorite game. Add trends from the runway and from the market. 24 large croquis, both front and back views - The back view is critical as it completes the totality of the garment, and its details are just as important as the front. A garment should look great coming and going. Most templates only provide the front view, acceptable for an illustrator, but unacceptable for a

designer Design Details Page - Add special buttons, collar shapes, thread direction, embellishment techniques which will provide the finishing touches to your designs. Notes Page - Add important things to keep in mind as you collaborate with your team, or add To Do/Followup lists here. Gratitude Page - No one is successful without the help and support from others, and it is important to recognize others for helping you make your vision a reality. Think of it as your final step onto the runway to thank your guests, teams, and models. Instead of using a basic list format, we loved the idea of sending thanks out into the world and what better vehicle than the seeds of a dandelion puff. Practicing gratitude will strengthen your business relationships and bring good karma in return. When you've completed the Gratitude page, you will have a complete story of thoughts and ideas to confidently communicate your first or upcoming collection, turning your dreams into reality. Our books are covered in high style, original artwork designed for the discreet to the flamboyant, designer to stylist, and always on trend, making them beautiful gifts for the creative in you, your office, or home. Dream. Design. Done.

It's So You Michelle Tea,2007-09-28 It's So You explores the intersection between personal style and personal expression through lively personal essays by thirty-five top women writers-including two artists. In a culture that uses oppressive beauty standards to influence and determine what's hot, how do women manage to find their own distinct style, and to delight in fashion, without feeling like they're selling out, or buying into consumerism? It's So You emerges from third-wave feminism, which celebrates not only the frivolity and playfulness of women's fashion, but also the daring aesthetics of sex workers, out queers, and fashionistas. Contributors include Six Feet Under Producer Jill Soloway, transgender icon Kate Bornstein, Sonic Youth's Kim Gordon, poet Diane di Prima, NPR regular Sandra Tsing Loh, novelist Beth Lisick, Calvin Klein

model Jenny Shimizu, actress Laura Fraser, and writer/historian Trina Robbins. From the haute couture houses of the ruling class to DIY girls who make restorative clothing and create their own hodgepodge style, *It's So You* is the first book to explore women's ambivalence, suspicion, indulgence, and love of fashion on every level.
