Belinda Musgrave

Fun & Fabulous Tops to Sew Valerie Van Arsdale Shrader, 2006 It takes a fabulous top to top off an outfit perfectly-- and these smart and trendy choices are right at the height of fashion. Plus, they're simple to sew, with each project building on the one before so novices can progressively develop their skills-including seaming, adding darts, setting in sleeves, and inserting a neckline flounce or collar. Newcomers, or those who feel a little rusty, can begin with the mock-wrap blouse or an extremely easy-to-make pullover tank with topstitching. Ponchos remain cool as ever, and the lightweight version here showcases wonderfully interesting fabric. A jacket with contemporary cropped sleeves goes smoothly from a day at work to an evening out.

Blouses, Shirts & Tops Laurie Pat McWilliams, 1996 A complete guide for the novice to getting the most out of your sewing machine.

The Mother Shirts Alberto Cacciavillani, Alessandro Cacciavillani, 2009

Blouses, Shirts, and Tops Belinda Musgrave, 1985-01-01

Sewing & Serging Techniques for Blouses & Shirts Laurie Pat McWilliams, 1998 Complete with a review of fabrics and patterns, this manual demonstrates how to make an array of collars, hems, sleeves, buttonholes, and necklines through colorful illustrations and step-by-step instructions. Original.

Knitted & Felted Children's Clothes Zoë Halstead, 2009 Using both knitting skills and felting techniques in which knitted materials are shrunk in hot water to create softer, fuzzier fabrics, the 22 designs featured here encompass a broad array of clothing styles and designs for toddlers and young children. There's a Jurassic Jacket for aspiring paleontologists, Groovy Gloves sure to keep little fingers warm on a blustery autumn day, and a Princess Cape that will become the prize possession of any young girl. Complete technical instructions, diagrams, charts, and color photography ensure that anyone can complete the projects.

The Boys' Outfitter, 1928

La camicia bianca secondo me Gianfranco Ferré, 2015-02-23 A homage to the work and talent of the architect - fashion designer who since the early days of his career succeeded in establishing an ongoing dialogue between architecture and fashion, creating a new code with which these two difficult and complex worlds could perfectly combine. Ferré himself

affirmed: I believe that most part of my creative process is based on my background and training as an architect. For me fashion is poetry, intuition, imagery, but also a methodic and project oriented discipline, based on the fact that a dress is the result of a programmed and acknowledged intervention on forms and shapes. In a magical play of lightness and transparency, 27 shirts (selected from the most extraordinary shirts Ferré designed during his over 20 year long activity) testify to Ferré's creative genius and to the technical and project quality he put into the construction of this garment, which Ferré himself considered the sign of his style. These superb creations include the silk bustier that, blossoming like a delicate calla lily, stands out like a corolla, framing the woman's face almost defying the law of gravity, and the outstanding upside down shirt, whose utmost innovative structure turns this garment into an object of pure design. The catalogue features a wide selection of images, including Ferré's sketches and designs - unique work sheets capable of illustrating with only a few lines, the essence of the garment and the core idea of each project, highlighting all the precious particulars from the quality of the fabric, to the dramatic details and the hidden finishings.
